

## SLIMBRUNCH

**KATHERINE SHENAMAN | Katherine Shenaman Interiors**

An homage to the photos of Slim Aarons, this casual poolside brunch features vintage tableware and lovely champagne coupes, creating the perfect combination of elegance and kitsch. And with the hostess serving up homemade combread muffins, all we can say is: "Pass the Champagne, I'm going to work on my tan." [katherineshenaman.com](http://katherineshenaman.com)
